- Knowledge of UNIX and LINUX operating systems, storage environments, file systems, and network protocols.
- Detailed knowledge of UNIX principles, file editing, UNIX commands, and file manipulation.
- Familiarity with Windows, UNIX, LINUX, and LINUX shell scripting.
- Knowledge of networking principles including routing, subnets, TCP, IP, VLANs, and UDP.
- Understanding of backup procedures and storage management.
- In-depth knowledge of computer hardware systems including circuit boards, memory modules, and processors.
- Excellent troubleshooting skills.

Associate Web Designer at Proponent Technologies

Aug 2017 — May 2019
Dehradun

Job brief

I was coding for innovative designs and layouts for our projected websites. My main responsibilities included building website from concept all the way to completion from the bottom up, fashioning everything from the home page to site layout and function.

Responsibilities

- Converting design from Figma into react js codes for the back-end developer.
- Planned website development, converting mockups into usable web presence with HTML, JavaScript, AJAX and JSON coding.
- Provided front-end website development using Figma, Dribbler and other editing software.
- Conducted functional testing over course of web development lifecycle.
- Coded websites using HTML, CSS, JavaScript and jQuery languages.
- Ran debugging tools such as Firebug and Chrome Inspector to eliminate flaws and glitches prior to publishing.
- Oversaw back-end development using PHP to maintain website integrity, security and efficiency.

- Stay plugged into emerging technologies/industry trends and apply them into operations and activities
- Cooperate with web developers to match visual design intent.
- Pulled from PHP, SQL, JavaScript and other back-end library knowledge to bolster programming resources.
- Be responsible for maintaining, expanding, and scaling our site.
- Developing Designs for the LMS and internal websites.
- Documents the templates for different sites for final approval.
- Built and styled new mobile-friendly websites, transitioning legacy presentations to simultaneous easy-to-use versions.
